about the company

Blindspot Collective's mission is to produce radically inclusive programming at the intersection of advocacy, education, and entertainment that cultivates and celebrates new work, emerging artists, diverse audiences, and fresh ideas. We create transformative theatre that amplifies marginalized voices, illuminates untold stories, and energizes vulnerable communities.

Blindspot Collective's work extends beyond traditional theatre, incorporating interactive performances, documentary theatre, touring productions for youth, and immersive productions that engage audiences on multiple levels.

By continually pushing the boundaries of what theatre can be, we reinforce its role as a vital artistic and social force, one that advocates for equity, challenges perceptions, and uplifts the stories that matter most, particularly those that have too often been left unheard.
