

UC San Diego

SEEKING SCHOOLS AND TYA ORGS TO JOIN US FOR AN INTERNATIONAL EVENT ON NOVEMBER 5, 2023

Blindspot Collective is partnering with UC San Diego to perform with “Amal Walks Across America”, a 12 foot puppet of a 10 year old Syrian Refugee. Amal has become a global symbol of hope, especially those of refugees, and her moment with us will be her last after her journey across the United States.

We are seeking partnership with schools and TYA organizations to join us in the cultivation and performance of the event. Ages 8+.

Schools' theatre, dance, or choral groups are welcome. Youth will be responsible for an activation with Little Amal including vocal performance, puppeteering, and creating an atmosphere of playful joy and blowing bubbles. A select few youth will be chosen for an intimate interaction with Amal before guiding our audiences to the sand.

Blindspot Collective is a local nonprofit arts organization. We develop community-engaged performances through process based practices grounded in openness, humility and wonder. Blindspot Collective believes that teamwork and inclusion are critical to cultivating kindness and creativity, and we hope you'll consider collaborating with us as we welcome Amal, a global symbol of compassion and human rights.

To sign up, visit blindspotcollective.org/amal or email us at info@blindspotcollective.org.
