A NOTE FROM THE CREATORS

We are so excited to welcome you to *Dive Bar Time Machine*, and our second year at The Loft! We started this project wanting to build something fun around songs we love. Time travel, a dive bar, and a great cast: that was the whole idea.

And then somewhere along the way - bouncing songs off each other, building our dream mixtapes - it became so much more. *Dive Bar Time Machine* kept pointing us back to the same things: love, joy, being in a room with other people, and how history shapes our music and our communities. The people who came before us, and the ones who'll come after, aren't so different from us.

That's the show, at its core. Songs that mean something to somebody (maybe you) sung by a cast who loves singing them. We hope you have a great time. Sing along if the mood hits. Either way, we're just glad you're here.

And hey if you had some fun, spread the word. Your word of mouth is the best press we can ask for.

Thank you so much for coming out,
Blake and Shellina

about the company

Blindspot Collective's mission is to produce radically inclusive programming at the intersection of advocacy, education, and entertainment that cultivates and celebrates new work, emerging artists, diverse audiences, and fresh ideas. We create transformative theatre that amplifies marginalized voices, illuminates untold stories, and energizes vulnerable communities.

Blindspot Collective's work extends beyond traditional theatre, incorporating interactive performances, documentary theatre, touring productions for youth, and immersive productions that engage audiences on multiple levels.

By continually pushing the boundaries of what theatre can be, we reinforce its role as a vital artistic and social force, one that advocates for equity, challenges perceptions, and uplifts the stories that matter most, particularly those that have too often been left unheard.
